TESTING

All students grades K through 12th are tested annually with NWEA's MAP Growth Suite of Assessments. Currently, PSAT/MNSQT/AP testing is not offered in Russia.

The Russian/Ukrainian Conflict

As a result of the escalation between Russia and Ukraine that occurred February 24, 2022, Hinkson Christian Academy had to make several significant adjustments. Due to sanctions, HCA students can no longer take the PSAT, SAT, and ACT at the school or in the country. Students must leave to take these tests. Because of time restraints and issues getting in and out of the country students are often unable to take them for a second or third time. The conflict has changed our academic calendar. The 2022/2023 school calendar started late and will be ending late. Several key staff members were forced to leave the country and have not been able to return. Course offerings have been pared down and Algebra II, Pre-Calculus, and Calculus are instructed online. Mail service to the US and several other countries has also been discontinued. HCA is currently unable to mail transcripts or other documents unless there is a courier available.
